## Accessibility Statement

This accessibility statement applies to the website run by Beckenham Theatre Trust  
[www.beckenhamtheatretrust.org.uk](http://www.beckenhamtheatretrust.org.uk)

Accessibility is important to us as we want our funding to reach as many people as possible, and for as many people as possible to be able to use our website to make applications.

We are committed to making our website accessible, in accordance with the *Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018*, W3C WCAG. (Check for updates on current guidelines)

We want as many people as possible to be able to use this website.

For example, that means you should be able to:

change colours, contrast levels and fonts

zoom in up to 300% without the text spilling off the screen

navigate most of the website using just a keyboard

navigate most of the website using speech recognition software

listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've made the website text as simple as possible to understand with consistent use of headings, white space and plain English throughout.

We have used colours that provide a good contrast.

The forms can be filled in online. Contact us for a different format suitable for your access.

## Compliance Status

This website is partially compliant with ... (AbilityNet audit or test run software)

## How to adjust your computer to make websites easier to see and use

AbilityNet has advice on making your device easier to use if you have a disability.

Take a look at My Computer My Way <https://mcmw.abilitynet.org.uk> to find out more about what features you could be using on your computer, to help with access.

If you have dyslexia, or have difficulty reading content:

You may find that changing the colours on screen, using larger text, or using a different font, will be helpful.

You may also find it helpful to zoom in on content. Check on the link above if you do not know how to do this on your device.

Preparation of this accessibility statement
